- **Next.js**
- **JavaScript**
- **Node.js**
- **HTML5**
- **CSS3**
- **TailwindCss**
- **Laravel (Basic)**
- **MySQL (Basic)**

## PROFILE

Web developer with experience in technologies more oriented for the Frontend Development such as **Javascript, Html, Css, libraries like TailwindCss, React and Next.js**. Also I have some knowledge with **Laravel and MySQL,** I have 4 years in this amazing world that is the Web Development, how the months passed I decided to be more focus in the Frontend Development and I'm still learning more advanced topics but I don't rule out in the future being a full stack developer, here is my portfolio if you want to know more: https://dany-rivera.vercel.app

## EXPERIENCE

**WEB DEVELOPER**
**CAPMEGA** - https://capmega.com
*Dic. 2023 - Feb. 2025*
*Puebla de Zaragoza, Puebla, México · Hybrid*
Working in projects that use LARAVEL and MySQL, in the majority of the time, and JAVASCRIPT and WORDPRESS  in specific tasks.
