## EXPERIENCE

### Frontend Web Developer

**Klanet**

07/2025 - 10/2026 Puebla de Zaragoza, Puebla, México • Remote

- Improved the Marketplace interface to make browsing and purchasing easier, and resolved issues affecting product purchases, payments, and shipping.
- Developed seller dashboard features in My Klanet, including sales commission history and tools for managing stores and products.
- Helped ensure accurate, readable data in Klanet Admin, created visually clear reports for administrators, and built tools to manage Marketplace content.

### Full Stack Developer

**Capmega**

12/2023 - 02/2025 Puebla de Zaragoza, Puebla, México • Remote

- Contributed to an order management system for a Canadian moving-box rental company, making orders easier to track and manage.
- Developed dashboard features with metrics, tables, charts, and widgets to make collected data easier to understand.
- Helped create automated customer emails to track orders through delivery and post-delivery follow-up, and verified that emails were sent correctly.
